VIRTUAL COMPETITION FORMAT:

Semi-finals and Finals:

Over the course of the 3-day window that you have registered for, you will have the opportunity to film a Semi-final performance (2 captures, pick one as "semi-final") and a Final's performance (2 captures, pick one as "final").

Judges will score all Semi-final performances in each division. The top 3 teams from each country will then have their Finals performance judged to crown the champion.

CHEERMATCH APP AND COMPETITION RECORDING:

Once your registration is complete, the primary contact will be required to create a log in with CheerMatch,

- Download the CheerMatch App (Available for Apple and Android Operating systems)
- Training and tutorial videos will be provided in the App to help you achieve optimal recordings.
- Approximately 1 week prior to your 3 day window, you will have the ability to conduct a "test run" on the CheerMatch App so you are familiar with the video recording/capture process on the App.
- Recording guidelines and specifications will be provided for all teams.

COMMON FAQ'S

1. Does the app run on all devices?

The app is compatible with Apple / Android devices only. We do recommend using a newer device with up-to-date software. Newer devices may also enable you to use a built-in wide angle lens for your recording session.

2. Can I record my routine and “upload” later?

No, routines must be captured directly through the app. No pre-recorded videos can be uploaded to the app and will not be accepted by the event as an approved competition submission.

3. How will my team be scored?

All teams competing at the IASF Cheer & Dance Worlds will be scored on the IASF Scoring System. Scoring will take place utilizing the cloud-based CheerMatch scoring platform in which judges can login from anywhere in the world to input their scores. The system is secure and protects the privacy of each team's performance, as well as the integrity of the scores.

4. Who can I contact if I have more questions about my team's registration?

You can email dana.fielding@iasfworlds.com.

5. How many days do I have access to my account to capture and submit my routine?

Each team will designate a 3 consecutive day filming window, at the time of registration, in which they will have access to record their routine attempts using the CheerMatch Capture App. After this period, you will not be permitted to film additional captures.

6. Can I rewatch my routine capture before submitting?

Yes, the video is saved in the camera roll on your device.

7. What happens if there is an issue/error with the Routine Capture?

If you encounter an issue with your Routine Capture session, please contact CheerMatch™ support at +1.720.677.1217 so that they can help you quickly resolve the issue.

8. What happens if I do not see my event?

If you login to your app and do not see your registration, please contact our support team at +1.720.677.1217 to resolve the issue. Please be sure you have completed your registration and have paid your account in full with IASF.

9. What happens if I do not have my username and password for the Cheer Match Capture App?

If you cannot login to the app with your credentials or cannot remember your username/password, please contact our support team at +1.720.677.1217 to resolve the issue.
